

## **COVID-19 GUIDELINES AT THE ORANGE TRAFFIC LIGHT LEVEL – 2 DECEMBER 2021**

Fairview Golf Club have developed these guidelines, in accordance with the advice from New Zealand Golf, to ensure the health, safety and wellbeing of staff, members, golf participants and the wider community which remains of paramount importance.

Please take time to read these guidelines to familiarise yourself with how golf can be played at the Orange Traffic Light Level from Friday 3 December 2021. We will also be reviewing these and making any necessary amendments or additions. Thank you in advance for your understanding and co-operation.

### **1. My Vaccine Pass**

Fairview will be operating with the 'My Vaccine Pass' verification requirements in place for most of our facilities. This includes the Golf Shop, Café, Member's Lounge, Sprig Bar and the Clubhouse Changing Rooms and Bathrooms. This means you will need to be fully vaccinated and have the 'My Vaccine Pass' to enter and use these facilities. Please refer below for further details.

We will, however, allow unvaccinated people to play on the golf course but restrictions will apply. Please refer for further details on this.

We will have tablet readers in the Café, Members Lounge and Golf Shop for you to scan your pass.

Your 'My Vaccine Pass' can be tagged in DotGolf through the Golf Shop. This information will only be visible to authorised users and will not be displayed in any publicly accessible areas.

### **2. Physical Distancing and Groups/Gatherings**

Physical distancing is still encouraged and any groups/gatherings on the golf course must be limited to no more than 50 people. This still allows other groups/gatherings on the golf course but they must be at least 2 metres away from other groups/gatherings.

### **3. Golf Shop**

The Golf Shop will be open between the hours of 8:00am-4:00pm each day and can only be entered into by fully vaccinated people with the 'My Vaccine Pass'.

As per Government directives, masks are required to be worn in the Golf Shop and are encouraged to be worn in other areas.

There will be a contactless processing area in place outside the Golf Shop for unvaccinated players.

### **4. Booking**

You will still only be allowed to play on the course if you have made an advanced tee booking. This can be done online on DotGolf, by using the after hours QR code posters displayed on the Golf Shop windows or by phoning or emailing the Golf Shop – (07) 549 3412 or emailing [info@fairviewgolf.co.nz](mailto:info@fairviewgolf.co.nz). You can't simply turn up or go out and play on the course when you want to play. This is for contact tracing purposes and so we can best monitor and control access to the course and bookings.

### **5. Register**

All players must register to enable contact tracing if required. This will be done as part of your advanced booking but can also be done by checking in through the DotGolf app.

We also have posters, throughout the facilities, with QR codes for the NZ COVID Tracer app for contact tracing purposes which you should use.

### **6. Tee Starts**

We will continue to operate multi-tee starts on days that we do currently.

### **7. Handicapping and Scorecards**

The national handicap system will continue to be operational at the Orange Traffic Light Level. Scorecards can be printed and entered in the Golf Shop by vaccinated players. Unvaccinated players can collect scorecards from the contactless processing area but will need to enter their scores online through DotGolf.

### **8. Competitions and Haggles**

Competitions and haggles will continue at the Orange Traffic Light Level.

**9. Pace of Play**

If you happen to catch a player/group in front of you please give them space. We'd rather you don't play through players/groups.

**10. Practice Facilities**

The putting green and practice nets can continue to be used. We will be making further announcements shortly on the use of the practice hole (7A) but until then it will remain closed.

**11. Café, Member's Lounge and Sprig Bar**

The Café, Member's Lounge and Sprig Bar can only be entered into and used by fully vaccinated players with the 'My Vaccine Pass'. Please follow any directions as shown in these facilities for ordering, payments, registering and dining.

**12. Changing Rooms, Bathrooms and On-Course Toilets**

The Clubhouse Changing Rooms and Bathrooms can only be entered into and used by fully vaccinated players with the 'My Vaccine Pass'. The on-course Toilets will be designated for vaccinated and unvaccinated players. Please follow hygiene guidelines when using all of these facilities.

**13. Carts and Trundlers**

Our carts and trundlers will continue to be available for use/hire. If you are bringing your own cart or trundler please ensure that these have been cleaned and sterilised before coming onto the course.

**14. Flags and Holes**

You will now be able to touch and remove flagsticks from the cup.

**15. Bunkers**

Rakes will remain in the bunkers.

**16. Rubbish**

On-course rubbish bins will be reinstated. Please dispose of any rubbish in these and other bins at our facilities or alternatively take home.

**17. Wash Area**

The wash area outside the Golf Shop is available for use but please ensure that you wash any grass or debris from the wash area after using.

**18. Sickness**

If you are experiencing any cold, flu or other sickness symptoms please stay away as a courtesy to others.

Please enjoy your golf, stay safe and stay within the guidelines.

Kind regards  
Fairview Golf Club

*These COVID-19 Guidelines are to be read in conjunction with the Fairview Golf Course Club Rules and the Fairview Golf Course Guidelines and are subject to amendment and addition at any time. Should these Guidelines not be adhered to or complied with, then action may be taken against such member/s in accordance with the Rules and/or other authorities. Should you have any queries or concerns regarding the Guidelines and/or the Rules please send correspondence to [aran@fairviewstate.co.nz](mailto:aran@fairviewstate.co.nz) and/or [info@fairviewgolf.co.nz](mailto:info@fairviewgolf.co.nz) or contact us at (07) 549 3412.*
